

Vélo Rose - Tutorial by Polinka

Material from the january «Sweet Nothings» Specialty Kit (Scrapmuse):

Fancy Pants - Vintage Valentine - Hearts & Dots Bracket + Ever Dear

Crate Paper - Cottage Collection - Flight

GCD - Cloisonne Collection - Fanciful Hearts + Pink Medallions

GCD Black Glitter Letter Stickers

Additional tools / products:

Sewing machine and thread, White ink and Adhesive

I cut the background: 8x8'

and used all scraps from my other layouts, that I cut in straps of various dimensions

I stucked them on my background this way:

With a sewing machine, I tried different stitches, one on each stripe, to decorate them...

I found the best place for my picture and stucked it over the stripes...

I finally put my title: VELO ROSE, which mean pink bicycle... because my niece always asked for a bicycle, but not a blue one: a PIIINK one!!

And here is my finished layout:

Hope you'll enjoy this little step by step...
